Come on out soon~

What?

What are you talking about ? How would I know your contact number ??

Didn't you see the emergency contact paper that was given out?

... It was given out on the day of summer break. I had to literally beg the teacher to make it ...

Emergency contact paper ???

I am also going out papers that have contact numbers for all students.

Oh, that. I put it in my bag and then ...

Aw..., crap !

You never even looked at it ?

How can you be so careless ?!

Normally, people take a look at it at least once !

Because of you, I ...

Hi, Hong on a sec ! We don't normally call each other's home, so ...

A, anyway, now that the misunderstanding is out of the way, will you let me off the hook ? I will treat you better from now on.

Got off me and there was never any misunderstanding.

Hmm?

Is it really not the grades ?

How many times do I have to tell you ? I am not that cunning !

And I certainly don't pick friends based on grades.

Then ... why are you always with him ?

.....

Did you two finally let it all out ?

... Or not? The air seems to be better though.

Why are you still here?

Wai... will talk later. I need to go home now.

Sure... see you.

See you, class rep.

Good luck to you. You are going to need it.

???

Sigh... What a day, what a day ! And good work to you, too !

?? What did I do ?

Don't act like you don't know. You used you got Ga-Ul's number from the emergency paper, so you knew.

It should be on the contact paper.
